HARAMARA ADDRESS Haramara Retreat Playa La Escondida No 196 OTE Sayulita, Nayarit

ARRIVING

- After collecting your checked luggage you will proceed to the Customs area. Once you are there, you will be asked to place all of your carry-on and checked luggage on the x-ray machine conveyor and present your Customs Declaration document to the Customs official.
- You will then be asked to press a button for a Customs inspection. This is a random selection system. A Green Light means you are free to collect your items and pass through the Customs area without an inspection. A Red Light means you will need to collect your x-rayed items and proceed to the Customs inspection counter where all of your luggage will be inspected.
- After you clear Customs you will proceed through two sets of sliding glass doors towards the arrival area. Between these two sets of sliding glass doors you will be running a gauntlet of people hawking time shares and taxis. We strongly suggest that you don't make eye contact with any of these people and keep walking forward towards the second set of doors. You are not being rude by ignoring them.
- Exit the airport doors. Walk out the glass doors to the outside. Turn left and you will see where the shuttle driver will be waiting. They will be holding a sign that says "Haramara Retreat" and/or the name of the retreat. The driver will have a checklist with your name(s) on it. The driver will gather everyone scheduled to be on the shuttle and will then take everyone and their luggage out to the shuttle, load up and bring everyone directly to Haramara.

SHUTTLES & TRANSPORTATION

- Transportation shuttles are available between the airport and Haramara. The arrival shuttle is \$100.00 USD from 1-3 people sharing the shuttle and there is an additional charge of \$10.00 USD for each additional person up to 6 people. A shuttle for 7-9 people is \$170.00 USD. The departure shuttle is \$65.00 USD from 1-3 people sharing the shuttle and there is an additional charge of \$10.00 USD for each additional person up to 6 people. A shuttle from 7-9 people is \$125.00 USD.
- The total charge for each shuttle will be prorated per person based on the number of people sharing the shuttle. Unless it has been included in your individual package or group retreat price, you will need to pay cash for your transportation shuttles directly to the shuttle driver. Please make sure you have a sufficient selection of bill denominations to make the payment and gratuity. Neither the drivers nor Haramara will be able to make change for the guests and there are no options to pay by credit card.
- Additional arrangements can be made if you are not flying in on your check-in date. You can either arrange to take a taxi from your location to the airport and join an already scheduled Arrival Shuttle. Or, for an additional pick up fee of \$20.00 USD \$45.00 USD, depending on your location, a separate shuttle can be sent to pick you up. Rates and availability for any other transportation are variable and we are unable to provide them.

Rain usually doesn't start until late in the afternoon, leaving most of the day free for outdoor activities.
